Today's Day___
Month

A tenth of an hour begins after the first minute marker and ends at the beginning of the second: the label for a task occurring during or consuming time between 5:00.01-5:06.00 AM would appear in the box of the first row and the first column, whereas if a different task occurred or consumed time between 5:06.01-5:12.00 AM, then that task's label would appear in the first row of the second column.
